Limits for baggage

You are allowed to have only one suitcase with a maximal weight of 20 kg.

Size Length + Height + Depth maximal of 158cm.

Hand luggage:

You are allowed to bring at most one piece of hand luggage with a maximal weight of 12 kg.

Sizes 55x25x35 cm. (length/height/depth)

Cash:

We advice you not to bring along to much cash on the fly-date. We will departure around 14:45 and will arrive in Mexico-City around 19:05 local time. Then our next flight will be to Monterrey on 21:00 and we will arrive there at 22:30. From here we are brought to the hostel.

Medicines:

MexiCo will bring along some medicines for emergencies (think of paracetamol, diarrhea stoppers, ...). Maybe you can also bring some medicines with you, for emergencies you can ask the committee.

Dress code to companies/universities:

We have a dress code when we are going to visit a company/university. Men should wear closed shoes, long trouser and the MexiCo-blouse. Women have to wear either a long trouser or a dress that covers at least until the knees, combined with the MexiCo-blouse.

Laundry during trip

During the tour we will stay in hostels. In the hostel in Mexico-City a laundry is located next to our hostel. We are planning to use this laundry once (after more or less 13 days). In the other cities you can use soap by yourselves if you would like to clean your clothes.

Weather forecast:

Please make sure you look at the weather forecast of the places where we go to in Mexico when you are packing your suitcase. You can find the weather forecast for the next two weeks on the document of the site.
